Dear Ms. Boyd:

By Order No. 2015-790, issued in the above-referenced docket, the Public Service Commission of South Carolina ("Commission") authorized Dominion Energy South Carolina, Inc. ("DESC" or "Company") to defer as a regulatory asset no more than \$9,100,000 during the five-year time period of January 1, 2015, to December 31, 2019, in depreciation and amortization expenses as well as incremental operation and maintenance expenses the Company will incur as a result of complying with certain cyber security requirements promulgated by the United States Nuclear Regulatory Commission. As part of its order the Commission stated, "[t]he Company shall file with the Commission and the Office of Regulatory Staff quarterly reports regarding the cyber security expenses." See Order No. 2015-790. The purpose of this letter is to provide the Commission and ORS with a status update on the deferred expenses.

As of September 30, 2019, the deferred expenses total \$7,952,799.35.

By copy of this letter, DESC is providing the South Carolina Office of Regulatory Staff with this status update of the deferral account.
